

# **The 13th International Mini-symposium on Coordination Chemistry For Advanced Materials**

**24 May, 2024 (Fri) 14:00–17:00**

**Aoyama Gakuin University, Sagamihara Campus,  
Building K, Room 209**

14:00- Welcome remarks, M. Hasegawa

(Aoyama Gakuin University)

14:00 - Invited talk: Dr. ISMAEL FRANCISCO DIAZ ORTEGA

(Almeria University, Spain)

“ Ligand effects in Ln-based SMMs: A magneto-structural and theoretical study ”

15:10 - Plenary talk: PROF. CHITTARANJAN SINHA

(Department of Chemistry, Jadavpur University, Kolkata, India)

“ Strategy for the Designing of Energy Harvesting Materials : Structure and supramolecular interactions “

16:10- Reo Ohno (Aoyama Gakuin University)

16:30- Shun Fujii (Aoyama Gakuin University)

16:50- Closing remarks

Chair parson: Miki Hasegawa

**Aoyama Gakuin**
